Gender identity

27. Have you ever considered seeking a sex change; transitioning to live like the opposite gender? *

Mark only one oval.

☐ No

☐ Yes

28. Would you prefer being a man or a woman? *

Mark only one oval.

☐ A man

☐ A woman

☐ No strong opinion

29. Body sex satisfaction *

Imagine you were magically permanently transformed into a woman, though with your psychological traits left intact (so e.g. if you are exclusively attracted to women now, you would also be so after the transformation). Some men feel like this would be absolutely terrible, while other men feel like it would be OK, or even pretty good. What would best describe the way you would feel about it? (To clarify: While the psychological traits would be intact, you would still be able to choose to do things differently. E.g. if you are bisexual i.e. sexually attracted to both men and women prior to the transformation, but you currently choose to only date women, then you would also be bisexual after the transformation, and you could choose to only date men then.)

Mark only one oval.

- ☐ Absolutely terrible for me, e.g. worse than death to become a woman
- ☐ Extremely bad for me, e.g. I would do my best to reverse it by e.g. taking testosterone and having surgery
- ☐ Very bad for me, e.g. I would continue to be upset about it the rest of my life, but I would deal with it
- ☐ Quite bad for me, e.g. it would take a long time to accept it and adapt to it
- ☐ Somewhat bad for me, e.g. it would be inconvenient and disruptive but I could deal with it
- ☐ Not so bad for me, e.g. it might be disruptive but might also be interesting
- ☐ Somewhat good for me, e.g. I would like to be a woman, but it is not so important
- ☐ Quite or very good for me, e.g. I deeply wish to be a woman or dislike being a man, but I accept being a man today
- ☐ Extremely good for me, e.g. I currently intend to become transsexual and this solves that
